For additional information to other points, or for evening or night station to station rates, appointment rates or rates for messenger calls, ask for "Long Distance Operator."

SAVE MONEY ON YOUR LONG DISTANCE CALLS BY USING THE  
STATION-TO-STATION TOLL SERVICE."

It is quicker and will cost you less.

# Telephone Toll Rates

Your attention is again invited to the advantages and economies which may be had under our present Toll Rate Schedule.

**"STATION TO STATION" RATE.** When a person makes a toll call without specifying that conversation is desired with a particular person, and the connection is established and conversation held, the "station to station" rate applies.

"Station to station" calls should be made by number wherever Telephone Directory information is available. Where this information is not available at the calling telephone, such calls may be made by giving the toll operator the name and address of the subscriber at the telephone called.

**"COLLECT" CALLS.** "Collect" calls are calls for which the charges are reversed; that is, are to be collected from the subscriber at the distant station at which the call is completed.

Such "collect" calls, or reversed charges are allowed only in connection with "person to person" calls.

**"PERSON TO PERSON" RATE.** When a person makes a toll call, specifying that conversation is desired with a particular person or Private Branch Exchange terminal and the connection is established and conversation held with that person, the "person to person" rate applies.

As this service requires a greater amount of operating effort and use of toll circuits, the rate for such calls is about one-fourth greater than the "station to station" rate.

The "person to person" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 15c.

**"REPORT CHARGE."** When a "person to person" call is made and the particular person desired is not in or will not talk, or when an exact telephone address of the particular person desired has not been given and he cannot be reached at a telephone within one hour, a "report charge" applies.

Such a charge also applies if the calling party is absent when the connection is completed within one hour, or if he refuses to talk.

If the connection is finally completed that day to the party called at the same city or to a substitute designated by the calling party no report charge is made when the regular rate is collected.

This charge is to cover compensation for the operating work performed and use of toll circuits, and is approximately one-fourth of the "station to station" rate.

In any case where a "report charge" applies, the minimum charge is 5c.

**"APPOINTMENT" RATE.** When the calling party in placing his call appoints a definite specified time at which he will talk on a "person to

person" basis and the conversation is held at the specified time, the "appointment" rate applies.

The "appointment" rate is approximately one-half greater than the "station to station" rate.

The "appointment" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

"Report charges" apply under the same general conditions as specified for "person to person" calls.

**"MESSENGER" CALLS.** When a call is made on a "person to person" basis and a messenger is required to secure attendance of the designated person at a public pay station at the distant point, the "messenger call" rate applies.

This rate is the same as the "appointment" rate for the same distance, plus any charge for messenger service.

The "messenger call" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

Messenger charges incurred are to be paid even if desired conversation is not held.

"Report charges" apply under the same general conditions as specified for "person to person" calls.

**STANDARD TOLL NIGHT RATES.** The following reduced rates for night service on a "station to station" basis only are effective:

8:30 p. m. to 12 midnight—about one-half of the "station to station" day rate.

12:00 midnight to 4:30 a. m.—about one-fourth of the "station to station" day rate.

For the purpose of applying night rates, the time of day at the point at which a "station to station" message originates, is used.

The minimum night rate is 25c. Day rates apply on calls made at night when the "station to station" charge is less than the minimum night rate.

## EXAMPLE SHOWING HOW METHOD IS APPLIED

Assuming the air line distance between toll points to be more than 144 miles, but not more than 152 miles, the following rates for service under the various classes offered would apply:

	Initial Period
"Station to station" rate.....	\$1.00
Completed "person to person" rate.....	1.25
Completed "appointment" rate.....	1.50
Completed "messenger call" rate.....	1.50
Plus messenger charges	
Report charge .....	.25
Rate between 8:30 p. m. and 12 midnight, "station to station" service only.....	.50
Rate between 12 midnight and 4:30 a. m. "station to station" service only.....	.25

# Helpful Suggestions

## and

# Information for Bell Telephone Patrons

The Use of the Company's Lines is limited to communications between parties, both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Exchange Calls originating at public pay stations or telephones where it is necessary to deposit a nickel for each conversation are limited to five minutes duration and a charge of five cents will be made for each period of five minutes.

Subscribers to Party Lines are limited to five minutes use of the line at one time.

The Chief Operator will Furnish on request, new call numbers of subscribers not listed, and who have had service installed or of numbers which have been changed after this Directory was printed.

It is Impossible for Operators to give attention to complaints of trouble, therefore subscribers are requested to report any irregularities in their service promptly to the Chief Operator.

Ten Days' Notice for Changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm name or business for correction in the following issue of Directory.

Bills for Current Months' Service are payable at the Company's Office by the 15th day of the month. Service is subject to suspension if payment is not made by that date.

Schedules of Rates in Force at each exchange are on file at the Manager's office and can be examined by applying to the Manager.

Non-subscribers will be listed in this Directory with residence address and telephone number if they reside where telephone service has been installed. A charge of twenty-five cents per month is made for this entry.

A Copy of this Directory is delivered free to every subscriber for use until the next issue, but the book remains the property of the Company. It is imperative that the current issue be always used to obtain correct call numbers.

This Company Assumes no Liability for damages arising from names left out of this Directory or from errors occurring in its compilation or printing.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our subscribers wishing same, who will agree to pay the charges made by the issuing company. Prices and other information can be secured by calling the Manager's Office.

The Fire Department and the Police Department are always available by telephone. Tell

your story briefly, calmly and distinctly, giving your street address, and answer promptly any question asked by the Department called.

Patrons are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of this Company, duly authorized to install, repair or remove telephones, or collect for service, are provided with proper credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone service, it cannot permit the use of any equipment or other apparatus in connection with that furnished by it. Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.

This Company Connects with the American Telephone & Telegraph Company, furnishing service to all of the important cities in the country.

Full Information as to classification of telephone toll rates—see preceding page.

Telegrams May Be Sent over the wires of this Company, to or from Telegraph offices. The Telephone Company does not assume responsibility for the correct transmission of the messages.

Supervision by Private Branch Exchange Operators—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Requests for Charges—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above concerning long distance service, call "Long Distance Information Operator."

The Company Cordially Invites all users of the telephone to call at any Exchange for an inspection of the operating room and other interesting details of the business. The unique features of a Telephone Exchange are but little understood by the public at large, and observations by the subscribers often lead to suggestions, tending to the best results in the service.

# Every Person in the State Is Your "Neighbor" by Long Distance

**D**OES most of the area of this great state seem beyond your horizon, and do most of its people seem a long distance away?

Really the state is your own neighborhood, and everyone in it is near at hand, next door—by telephone.

This directory gives a list of Long Distance calling rates. See how little it costs to talk with your neighbors in other parts of the Badger State.

# BUILD A HOME— —ADD A ROOM

## WITHOUT THE COST OF BUILDING IT

The MURPHY IN-A-DOR BED will do this for you.

Wm. F. Jungles—1902 Pontiac Street, Ft. Wayne, Ind. Owner of Bungalow—Plan of which is shown

here, added a library to his home without the cost of building it, and states if he had it to do over again he would use all MURPHY IN-A-DOR BEDS. MURPHY IN-A-DOR BEDS besides saving cost of one room—save furnishing, heating, lighting and decorating costs. In addition to this the house drudgery of one room is saved. They are sanitary—easy to operate—easy to install.

# Winifred E. Jones

Registered Electrolygist  
Electric Needle Specialist

## I-Li-Ka Scalp Treatment

Our treatment of the scalp renovates it and frees it from dandruff and itching with the first treatment. It brings in new hair, revitalizes impoverished hair and promotes its growth, coarsens, softens and strengthens it and enriches its color.

Our formulas for hair tonics and hair ointments are from the best specialists, and we find them most effective in bringing results immediately.

Wrinkles Scars  
Freckles Flabbiness  
Sagging Baggy Chin  
Hollow Cheeks  
Moth Patches  
Liver Spots  
Pock Pittings  
Sunken Eye Circles  
Permanently Eradicated

## Superfluous Hair

Hair, Moles, Warts, Birthmarks, Brown Spots and Scars permanently removed. Cost greatly reduced by our Multiple Needle Method. No pain, no scars. Work strictly private. Established in 1898. Experience 15 years. Endorsed by physicians.

Through science we have at last discovered a method to remove all hair on the neck, face, etc., at one sitting. Guaranteed not to return. Sundays and evenings by appointment only.

## Don't Buy Telephone Attachments

**T**ELEPHONE attachments are occasionally purchased by subscribers and attached to their instruments. These so-called "helps," disinfectants, etc., are unnecessary and generally injure the service more than they improve it. To protect

its service the Company is obliged to remove them.

Consult with us if you have any unusual requirement, but in the interests of good service please do not attach foreign equipment of any kind to the telephone instrument.

# Across Rivers, Mountains and Valleys at the Rate of 186,000 Miles a Second

**T**HAT'S the speed of conversation over a telephone circuit.

Industries in Wisconsin use this rapid service to enlarge their markets and increase their business.

Making good products has done much to bring the people of the world to our doors—and rapid methods of communication have changed great quantities of manufactured products into dollars.

Bell Telephone service brings Canada and Cuba within speaking distance. San Francisco is as close to us as Chicago when these speedy wires are brought into play.

The Bell system in Wisconsin ties up directly with the Bell Telephones in the whole nation. There are over six thousand Bell Telephone people here in Wisconsin ready to serve you, day and night.

## *Destroy the Old Directory*

Only the latest issue of the telephone directory should be kept for reference. Many telephone numbers are changed and many names are added—that's why new directories are issued.

Destroy your old directories and refer to the latest list of names for the correct number before making a call.

**WISCONSIN TELEPHONE COMPANY**

"The sweetest memory is the sound of the voice of one we love."  
—La Bruyere

## The Joy of Hearing the Voice!

**W**HEN you are away from home, evening brings lonesome hours.

You would be glad if it were possible to pack your grip and find yourself instantly at home. You can imagine the joyful cry, "It's Daddy!" responding to your return. You cannot make this quick visit, but the nearest telephone "Long Distance" will transmit your voice to the loved ones at home. It will bring theirs to you.

Your voice is *you*—visit them by telephone.

# WISCONSIN TELEPHONE COMPANY

# *We Wouldn't Read a Month Old Newspaper For the Latest News*

---

Of course not. The world moves  
and the news changes.

Same with a telephone directory.

Old directories are obsolete. Many  
changes have been made in them.  
They should be destroyed.

---

**CONSULT THE LATEST  
TELEPHONE DIRECTORY  
FOR THE RIGHT NUMBER  
BEFORE CALLING.**
